We'll pull that together on Monday and get it out to the group.

Subject: List of RO unit and maintenance accepters

Kevin,

In reading through the most recent monthly progress report, I noticed that less than half of the households that were offered either an RO treatment unit, or maintenance of their existing unit, had accepted the offer. Has this number increased since the progress report was prepared? If it has not significantly increased, please provide a list of all the households that received an offer, the type of offer, whether they accepted or not, and if you have it, a residence phone number. We were expecting that the acceptance level would be higher, given that the residents already agreed to have their water sampled. I'd like to get an idea of why the acceptance level is as low as it is.

Thank you,
Eric
